NUT MARKERS (ArUco 4x4_50, ids 0-5, 22 mm)

SET A

SET B (spare)

1. Mark one hex face of the nut with a pen: this is the T face.
2. Cut out ids 0-5 along the dashed lines and stick one on each side face, centred, the T arrow pointing to the T face.
3. Seen from the T face, ids 0,1,2,3,4,5 go counter-clockwise.
